kurzbeschreibung	We are pleased to have this incredible opportunity to offer this Breguet Tradition Fusee Tourbillon coming directly from the first ower:Breguet Tradition Fusee Chain TourbillonReference 7047PT/11/9ZU950 Platinum Case950 Platinum Breguet Folding ClaspSapphire crystal and case backCrocodile Leather strapcomes directly from the first Owner who bought it at Bucherer in Germany in 2021.comes with all the original Papersincluding the outstanding wooden Watchmakers Table Style Box with outer BoxThis is rare, period. An expression often over used in the world of second hand luxury watches, but if it's not a fitting word here we would not know where else.The star of the conversation when it comes to the Tradition Tourbillon by Breguet is the amazing cal. 596 handwound movement with a fusee and chain winding mechanism.The movement itself consists of 542 pieces, all hand finished. A watch with a Tourbillon complication in on itself often crowns even the most exclusive watch collections, combined with the Fusee and Chain this is a feat only the most exclusive manufactures of high end watches are able to pull off, making this Breguet Tradition Tourbillon stand out proud amongst the sea of other mechanical wristwatches.The Fusee mechanism dates back to the 15th century and is usually found in larger clocks. Breguet took on the challenge to miniaturize this function to fit in a very wearable 41 mm case that feels surprisingly comfortable on the wrist.All of the above can be viewed by the fascinated new owner through a domed sapphire crystal and a sapphire caseback.Of course this watch comes with the original matching paperwork. Directly from the collection of the first owner. Bought in Germany in 2021 via the official Breguet retailer Bucherer.An interesting conversation piece will also be the "Box" this horological tour de force comes with: A miniature Watchmakers Table, expertly crafted in dark wood with working drawers and a top lid that gives way to a padded pillow on which the Breguet Tradition Tourbillon can be rested on.The outer Box is also present with the watch.As of August of 2026 the official list price for the Breguet Tradition Tourbillon Ref. 7047PT sits at a comfortable 238.700 €.Should you have any further questions please don't hesitate to contact us.Thank you for your interest.
